

# A Christmas Carol

A Christmas Carol is a novella by Charles Dickens, first published in London on 19 December 1843. The novella met with instant success and critical acclaim. It is one of the best known and most loved Christmas tales ever written in English. It tells the story of a bitter old miser named Ebenezer Scrooge and his transformation into a gentler, kinder man after visitations by the ghost of his former business partner Jacob Marley and the Ghosts of Christmases Past, Present and Yet to Come. The book was written at a time when the British were examining and exploring Christmas traditions from the past as well as new customs such as Christmas cards and Christmas trees. Carol singing took a new lease on life during this time. Dickens sources for the tale appear to be many and varied, but are, principally, the humiliating experiences of his childhood, his sympathy for the poor, and various Christmas stories and fairy tales.
