

The Birth of Britain: A History of the English Speaking Peoples, Volume I

The English-speaking peoples comprise perhaps the greatest number of human beings sharing a common language in the world today. These people also share a common heritage. For his four-volume work, Sir Winston Churchill took as his subject these great elements in world history. Volume 1 commences in 55 BC, when Julius Caesar famously turned his gaze upon Britain and concludes with the Battle of Bosworth in 1485.
