

A Man Without a Country

A Man Without A Country is Kurt Vonnegut's hilariously funny and razor-sharp look at life, art, politics, himself and the condition of the soul of America today. Written over the last five years in the form of a loose memoir, with the examples of Mark Twain, Jesus Christ, Abraham Lincoln, and a saintly doctor named Ignaz Semmelweis powerfully in mind, A Man without a Country is an intimate and tender communication from one individual to his fellow humans - sometimes kidding, at other times despairing, always searching. It is illustrated throughout with Vonnegut's trademark artwork.
