

A Study in Scarlet

There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it. In *A Study in Scarlet*, Sir Arthur Conan Doyle introduces us to one of the most popular, as studied characters in fiction; Sherlock Holmes. Here in his first study this most complex and some would have, tortured man, he tells of the first meeting of Holmes and Dr. Watson, and their first case together as Watson is soon to learn that no man burdens his mind with small matters unless he has some very good reason for doing so.
