Rechauffes are proverbially dangerous, but everyone runs into them sooner or later, and the world has done me the kindness so often to inquire after my first crude attempt, that after it has lain for many years out of print, I have ventured to launch it once more - imperfections and all - though it is guilty of the error of pointing rather to a transient phase of difficulty than to a general principle. The wheels of this world go so quickly round, that I have lived to see that it would have been wiser in the clergyman to have directed rather than obstructed the so-called march of intellect. I have lived also to be somewhat ashamed of the exuberant outpouring of historical allusions, which, however, were perfectly natural among the set of girls from whom my experience was taken: but these defects, as well as the more serious one of tyrannical aversion to vulgarity, are too inherent in this tale to be removed, and the real lesson intended to be conveyed, of obedience and sincerity, of course remains unchanged.

**Sherborne Abbey - Wikipedia** Westminster Abbey, formally titled the Collegiate Church of St Peter at Westminster, is a large, mainly Gothic abbey church in the City of Westminster, London, just to the west of the Palace of Westminster.
