

## Bluewater Killer (Bluewater Thrillers Book 1)

Bluewater Killer introduces Dani Berger, who later emerges as the tough, self-sufficient protagonist in the Bluewater Thriller series. In the beginning of this book, she's cast in the role of a missing person, presumed to be a victim of some unsavory denizens of the rough and tumble underworld that lurks beneath the paradise of the Eastern Caribbean islands. By the end, her frustration has given way to anger and the determination to get even. This is the story of her rescue and the beginning of her quest for vengeance. If you've ever dreamed of escaping to the islands and are charmed by the idea of living the dream aboard a classic sailing yacht, you can get a feel for what it's like from reading this book and the others in the series. If you enjoy action / adventure stories with strong female lead characters, the Bluewater Thrillers were written for you. Bluewater Killer is the first book in the Bluewater Thrillers series. The tenth book in the series was released in February of 2016. This is a tale of suspense with a full quota of twists, believable characters, and convincing dialogue.
