

## Jules Verne: Seven Novels (Leather Bound Hardcover)

Writing in France in the nineteenth century, Jules Verne expressed the universal fascination with adventure and exploration. Collecting *Five Weeks in a Balloon*, *Around the World in Eighty Days*, *A Journey to the Center of the Earth*, *From the Earth to the Moon*, *Round the Moon*, *Twenty-Thousand Leagues Under the Sea*, and *The Mysterious Island*, this omnibus offers a unique compilation of seven of Verne's *Voyages extraordinaires*, stories in which he extrapolated developing technology and invention into marvelous fiction. This volume offers readers a generous introduction to Jules Verne, whose books are as alive today as they were for readers new to the ideas expressed in them during his time.
