

Houston - a Choose a Way interactive travel guide

Would you rather go to a museum of natural science, a house made of beer cans, or see a bat colony? Just like the old-school choose-your-own-adventure books, your choices are up to you. --UPDATED March 2016-- Choose a Way books are interactive travel guides to cities around the world. Instead of being told where to go or reading through a huge guidebook just to plan a few days, choose between three places. Tap, enjoy, then choose from three more places. Use it on your phone or your tablet to travel on-the-fly, or sit down with it on your laptop and plan out your trip that way. Your call. Just one of over a thousand ways a day in Houston can play:

9am: Start your day off at the Historic Houston Heights Shopping District and antiques and consignment shops
Noon: Taking recycling to a whole new level, the Beer Can House has used aluminium cans in place of a lawn and many other parts
2:30pm: Head to St. Arnold Brewing Company, the craft brewery that's been open the longest in Texas-
5:00pm: A humble sunset gets transformed into something at the James Turrells Twilight Epiphany Skyspace
8:00pm: Cap off the night with Houston's best source for improv theater at Station Theater
Insider knowledge from a local
Each Choose a Way book is written by someone who's lived in the city for a long time. You're getting a local's point of view, not what travel writers think tourists want to hear. You'll discover the highlights of the city, along with the offbeat, hidden treasures they recommend along the way. About the author Jessi Honard is one of the writers of Outbound Adventurer, a geeky emporium of topics ranging from travel to paleontology to minimalism and entrepreneurship. She's a huge proponent of everything offbeat, weird, and nerdy, and can frequently be found either buried in a book or hitting the trails. In addition, Jessi co-owns Owl Eyes Creative, a content

writing firm that works with creatives, non-profits, and educators to tell powerful, meaningful stories. Clear directions set you up to succeed. Each place features the street address, exact GPS coordinates, What3Words, a link to the place on Google Maps, and concise directions from a major landmark or transport station. No more wandering the town reading tiny maps or vague directions! Up to 5 days of destinations...and a bonus power-up. This travel guide to Houston covers thirty-six of the most interesting places around Houston. Reach the end of the day and unlock a location index. Head to any place in the book with a single tap. Buy now and see Houston like a local.
