

## The Possessed, or The Devils

In an age before psychology was a modern scientific field, Fyodor Dostoyevsky (November 11, 1821 – February 9, 1881) was a Russian writer of realist fiction and essays that explored the depths of the human psyche. Known for acclaimed novels *Crime and Punishment*, *The Idiot* and *The Brothers Karamazov*, Dostoyevsky's work discusses the human mind in a world full of political and social upheaval in 19th century Russia, becoming the forerunner of existentialism.
