

## Daisy Miller - Classic Illustrated Edition

\* Beautifully illustrated with atmospheric paintings by renowned artists, Daisy Miller is Henry James charming tale of an unconventional young American beauty visiting Italy with her mother. Its a brilliant description of the stiff social conventions that still existed in Europe but were rapidly being cast off in America at the time. Written from the viewpoint of a well-bred, but rather up-tight, young American who falls hopelessly in love with her, its a delightfully enjoyable read.
