

Daisy Miller: A Study

Daisy Miller is an 1878 novella by Henry James. It portrays the courtship of the beautiful American girl Daisy Miller by Winterbourne, a sophisticated compatriot of hers. His pursuit of her is hampered by her own flirtatiousness, which is frowned upon by the other expatriates they meet in Switzerland and Italy. This short story serves as both a psychological description of the mind of a young woman, and an analysis of the traditional views of a society where she is a clear outsider. Henry James uses Daisys story to discuss what he thinks Europeans and Americans believe about each other, and more generally the prejudices common in any culture.
