

## Debbys Debut: A Classic Story of Romance

Written in 1863, this timeless classic by Louisa May Alcott features a triangular romance between Debby and two suitors. Debby's aunt is trying to get her married to a wealthy man. It is a lighthearted comedy of manners that boldly challenges the social order that holds wealth and social status more important than character and moral values. The author has clear feminist convictions and presents Debby as a modern, independent woman.
