

Eight Cousins (Illustrated Edition)

- Beautifully illustrated with atmospheric paintings by renowned artists, *Eight Cousins* is the intriguing tale of a recently orphaned young girl who moves into the home of her wealthy Boston aunts and must get used to living with her seven boy cousins. - Just as accessible and enjoyable for today's readers as it would have been when first published well over a century ago, the novel is one of the great works of American literature and continues to be widely read and studied throughout the world. - This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text.
