

Wuthering Heights With Wood Engravings By Fritz Eichenberg

A story of revenge, *Wuthering Heights* is a recounting of the life of Heathcliff, a mysterious gypsy-like person, from childhood (about seven years old) to his death in his late thirties. Heathcliff rises in his adopted family and then is reduced to the status of a servant, running away when the young woman he loves decides to marry another. He returns later, rich and educated, and sets about gaining his revenge on the two families that he believed ruined his life.
