

Golden Danube

First English Translation GOLDEN DANUBE by Jules Verne Take a trip down the GOLDEN DANUBE Jules Vernes Extraordinary Journeys often used the travelogue mode, and here the author offers a voyage down the entire length of the Danube, from Germany to the Black Sea. However, rather than the placid blue Danube of classical conception, Verne offers one which is golden, in multiple ways. Smugglers are operating along the river, with the police in pursuit, and the hero is a champion fisherman who is abducted and forced to prove his courage.
