

To the Lighthouse (Centaur Classics) [The 100 greatest novels of all time - #33]

To the Lighthouse is Woolf's landmark novel of high modernism. Centered around the Ramsays and their visits to the Isle of Skye in Scotland between 1910 and 1920, focusing on the internal lives of the characters. Full of winding thoughts and observations the novel deals with the problems we have perceiving others. Although the novel is challenging to read because it is so unique, it has been critically acclaimed.
