

## Hurricane (Mystery & Suspense Short Stories Collection)

In *The Great Escape* and *Papillon*, Steve McQueen embodied the tough guy on the run from captivity and injustice. But when it comes to toughness, McQueen is following in the daring and determined footsteps of Captain Spar. Wrongfully accused, Spar has been condemned to suffer the brutality of the guards and the conditions on Devils Island. But they haven't broken his will, and now, escaping, he has one mission in life: revenge. Spar sets out to kill the man who put him into the devil's hands. But hell has to take on a gallery of rogues who are as treacherous as the waters of the Caribbean. Pressure is rising and a storm is brewing. But even in the face of a natural disaster, Spar discovers that nothing is more volatile than human nature as temptation and danger are about to collide with Hurricane force. In 1937 L. Ron Hubbard wrote to one of his editors: You might have noticed that I am intensely wary of becoming any kind of a story specialist. I have sold the gamut of types: air war, air, western, detective, love, terror... My one passion is to build a name for variety... I like my freedom. I fight hard for independent individualism. I love to tie into a yarn and make it blaze in print. Hubbard's passion for writing, creativity and individualism certainly blazes across the page in stories like *Hurricane*. The excitement is made even more thrilling through the superb production Galaxy Audio puts behind these audiobooks. Excellent voice acting, sound effects that keep the story thrilling, and incidental music that makes you feel as though you are in an old time radio drama. Gather.com
