

Dubliners by James Joyce (Illustrated)

Gazing up into the darkness I saw myself as a creature driven and derided by vanity; and my eyes burned with anguish and anger. ?James Joyce, Dubliners Dubliners is a collection of fifteen short stories by James Joyce, first published in 1914. They form a naturalistic depiction of Irish middle class life in and around Dublin in the early years of the 20th century. The stories were written when Irish nationalism was at its peak, and a search for a national identity and purpose was raging; at a crossroads of history and culture, Ireland was jolted by various converging ideas and influences. They centre on Joyces idea of an epiphany: a moment where a character experiences a life-changing self-understanding or illumination. Many of the characters in Dubliners later appear in minor roles in Joyces novel Ulysses. The initial stories in the collection are narrated by child protagonists, and as the stories continue, they deal with the lives and concerns of progressively older people. This is in line with Joyces tripartite division of the collection into childhood, adolescence and maturity. This Edition Features: ? Biography of James Joyce ? Beautifully illustrated with images ?
