Using the rules he created in those books for searching and finding the best information on the Internet he received a patent in 2003. A little over ten years later he evolved the technology and came up with a way to pack a huge amount search power into a single click. He then incorporated the technology into several series of ebooks (book marketing, business marketing, health, travel and music) and for use in a diverse array of high value quality content electronic handouts. Search Word Pro Search Word Pro is a powerful search tool. Pick it and click it. Zoom! Scroll to the top of the page and select the buy button.
