

## Le Morte Darthur: The Seventh and Eighth Tales (Annotated) (Hackett Classics)

Edited, with an Introduction and Commentary, by P.J.C. Field. P. J. C. Field, the world's preeminent Malory specialist, has wisely chosen to offer here Malory's seventh and eighth tales, recounting the decline and end of Camelot. The authoritative text is accompanied by indispensable notes and preceded by a remarkably thorough and learned but never obscure Introduction sufficient to prepare students and other readers to profit fully from the texts. This book is ideal for those coming to Malory for the first time and a distinct pleasure for those who already know him well. Norris J. Lacy, E. E. Sparks Professor of French and Medieval Studies, Penn State University. P. J. C. Field has revised his long-out-of-print edition of the seventh and eighth tales of *Morte Darthur*, which are arguably the best and most influential parts of Malory's book. This edition offers students an excellent, affordable introduction to Malory's tragedy and to Arthurian romance in general and is the ideal text for the instructor who does not have time in class to teach the earlier parts of the book as well. The substantial seventy-seven-page Introduction presents essential and accurate information about the development of the Arthurian legend and the social, intellectual, and historical context in which Malory's book was written as well as discussions of Malory's French and English sources, the content and style of *Morte Darthur*, and the life of the author.

The edition includes a detailed commentary, considerably expanded from the earlier version; glosses at the bottom of the page; and a glossary of words not immediately recognizable to those unaccustomed to reading Middle English. This text is an excellent work of scholarship by the leading authority on Sir Thomas Malory and will be welcome to those who teach general courses in medieval literature, in Middle English, and in comparative Arthurian romance. Edward

Donald Kennedy, Professor of English and  
Comparative Literature, The University of  
North Carolina at Chapel Hill
