

ROMANCE: FERVENT (Wild Desires, Book 2) (Contemporary New Adult Romance Short Stories)

FERVENT (adj): having or displaying a passionate intensity. Derby and Kate have been friends since college and they seem inseparable. But when Will happened to like Derby, it was all too chaotic for her to handle considering Kate is not in favour of Derby dating her brother. But then Kate had a wider understanding of the love that's been evolving between the two, hence, one problem solved. However, when things have gotten a bit tougher, their love has started to become one-sided. How can they surpass this test? Or will they be able to surpass this test with only love as a tool? Money has never been an issue with Will, so when he resigned from his work, he had so much money and time to spend in a whole lifetime and more. And since Derby has no job because of the termination, she has more time to be visible to him. Whether at work or at home, he always makes it a point to see Derby. Is it finally going to change everything? Second Series of FERVENT
