

The Girl who Sang with Whales (Islesong Book 1)

Imagine an island world where the seas seethe with dangerous creatures, where those rare men and women called Bard-Navigators have learned to sing Whales to protect their ships. Only on the wings of Bardsong can ships avoid the Sea-Dragons and travel the great gulf between the Atolls scattered across the World-Sea. I sang to the Sea; She sang back to me, Tales and travails wreathed in mystery. Zhialeiana has an astonishing gift of song. She can sing the unique songs of the mighty and magical creatures of the World-Sea. She can touch their souls. When her gift is discovered at her mothers funeral, the current of her life begins to sweep her to a future that she could never have imagined. She must navigate both opportunity and danger, and lay her life on the line for the Whales she loves. But Zhialeiana also has a toxic secret - a secret that will force her to undertake a journey beyond faith, beyond all hope, and beyond the World-Sea. Join Zhialeiana in the first volume of IsleSong: The Girl who Sang with Whales and prepare to be swept away to a richly imagined ocean world where danger can, and does, lurk beneath any wave. Series Note This story ends on a cliffhanger, I know. For those who are waiting, I am planning to release the sequel during 2016 and I hope you will stick with Zhialeiana for her journey across the World-Sea. This story is set in the same world as my Shapeshifter Dragons books ... and maybe, just maybe, those Sea Dragons are more connected to the Dragonkind than you might think ...
