

Moby Dick or The White Whale (The Sea Beast) by Herman Melville Hardback 1925

Very Good Condition. The book tells of a sea captain's maniacal quest for revenge of a great white whale who has bitten off his leg. Ahab meets and falls in love with the daughter of the local minister. The woman becomes heartbroken when her love leaves on another voyage. When he returns without one of his legs he mistakenly believes that his love will not have him because of his disfigurement. He quickly returns to sea, vowing to kill the whale or be killed in the process. The movie and the book actually have a different ending. Great reading of a great novel. This book is NOT torn from the binding as the one shown in the picture.
