

Mr Polton Explains

British writer of detective stories, mostly featuring the medico-legal forensic investigator Dr. Thorndyke. His first stories were written in collaboration with Dr. John James Pitcairn [1860-1936], medical officer at Holloway Prison and published under the nom de plume Clifford Ashdown. His first Thorndyke story, *The Red Thumb Mark*, was published in 1907 and shortly afterwards he pioneered the inverted detective story, in which the identity of the criminal is shown from the beginning: some short stories with this feature were collected in *The Singing Bone* in 1912. During the First World War he served as a Captain in the Royal Army Medical Corps and afterwards produced a Thorndyke novel almost every year until his death in 1943.
