An outwardly simple tale of a reclusive weaver, in its strong realism it represents one of Eliot's most sophisticated treatments of her attitude to religion. It is a tale about life, love, and the need to belong. Accused of a crime he didn't commit and unjustly forced from his home town, Silas lives a reclusive and godless life, finding love and companionship only in material objects. It will take the theft of his gold and the discovery of an abandoned infant to remind him of the importance of human relationships and faith.
