

## Small-Boat Sailing

And if a man is a born sailor, and has gone to the school of the sea, never in all his life can he get away from the sea again. The salt of it is in his bones as well as his nostrils, and the sea will call to him until he dies. Of late years, I have found easier ways of earning a living. I have quit the fore-castle for keeps, but always I come back to the sea. In my case it is usually San Francisco Bay, than which no lustier, tougher, sheet of water can be found for small-boat sailing.
