

Tales from the Jazz Age (Annotated)

This edition incorporates an original introduction from Moorside Press, including a biography, a critical discussion of Fitzgeralds place in the literary history and a short contextual discussion of the book. Published by Charles Scribners in 1922, *Tales from the Jazz Age* was Fitzgeralds second collection of short stories to make it into print. It features eleven stories divided into three parts and includes such notables as: *The Curious Case of Benjamin Button*, a character who ages backwards; *The Diamond as Big as the Ritz*, a tale that bends over backwards to make sense of the title; and *May Day* which uses the May Day Riots of 1919 to draw a comparison between working class agitators and Yale graduates.
