

The Adventures of Sherlock Holmes

A concoction of twelve stories, *The Adventures of Sherlock Holmes* is the third book in the original Sherlock Holmes series. It shadows the experiences of detective Sherlock Holmes, an enigmatic genius, as he tries to unravel the mystery of each investigation he partakes in. Set in late 19th century London, the novel not only creates a successful mystery plot, but also circulates through real locations including Hyde Park, the river Thames, St Georges Church in Hanover Square, as well as adding fictional places to spice things up. The vibrant reoccurring illustrations of Londons means of transportation are also worth noting.
