

The Black Arrow: A Tale of Two Roses

The Black Arrow is what every book about the Middle Ages should be and more, with suspense, action, disguises, escapes, and of course, the occasional love scene. Robert Louis Stevenson lived in the mid-1800s, and is renowned for his many works, including *Treasure Island*, *Dr. Jekyll and Mr. Hyde*, and *Kidnapped*. *The Black Arrow*, written originally for a magazine, was written after Stevenson's recovery from a serious illness and published right after *Treasure Island*. Dick Shelton, a boy of sixteen, is quickly thrust into the conflict of the War of the Roses. He battles against almost any kind of evil - bloodthirsty pirates, a murderous priest, and even his own legal guardian - Sir Daniel Brackley. Through the whole book Dick strives to become a knight and rescue his true love. Although most likely the least known of Stevenson's great adventure novels, *The Black Arrow* is the best in the eyes of many. The plot is entertaining, clear and fast-paced while filled with multiple twists and turns. The characters are wonderful, as is the description and the writing itself. Though some of the language may seem archaic, it adds to the authenticity of the story. Though not an easy read in the beginning, *The Black Arrow* is a truly intriguing book recommended to anyone.
