

The Decline and Fall of The Roman Empire, Volume III - 1185 A. D. - 1453 A. D.

Gibbon is one of those few writers who holds as high a place in the history of literature as in the roll of historians. He is the clearest example that brilliance of style and accuracy of statement are perfectly compatible in an historian. Gibbons work, completed a hundred and fifty years ago, remains today the last and authoritative word on the subject.
