It is always hanging around and following me about. I dont like this; I am not used to company. I wish it would stay with the other animals.... Cloudy today, wind in the east; think we shall have rain.... WE? Where did I get that wordthe new creature uses it. TUESDAY.Been examining the great waterfall. It is the finest thing on the estate, I think. The new creature calls it Niagara Fallswhy, I am sure I do not know. Says it LOOKS like Niagara Falls. That is not a reason, it is mere waywardness and imbecility. I get no chance to name anything myself. The new creature names everything that comes along, before I can get in a protest. And always that same pretext is offeredit LOOKS like the thing. There is a dodo, for instance. Says the moment one looks at it one sees at a glance that it looks like a dodo. It will have to keep that name, no doubt. It wearies me to fret about it, and it does no good, anyway. Dodo! It looks no more like a dodo than I do.
