

The Fate Of A Crown

The Fate of a Crown, written by the famous Oz author L. Frank Baum under the alias of Schuyler Staunton is a stirring novel of the events of a South American revolution. A young man just out of college goes to Brazil as secretary of the prime mover in the revolution, and by so doing begins a series of adventures that run from tragic to comic, ending with the success of the conspiracy, a straightening out of many tangles, and the marriage of the hero to one of the most brilliant and beautiful conspirators. A most readable book.
