

Again the Three Just Men (The Four Just Men Book 6)

Ten thrilling tales from the secret files of the worlds most famous vigilantes. An honest workingman tries to intimidate his wife's blackmailer and winds up in prison. Only the organization known as the Four Just Men can save him by taking the law into their own hands. A noted professor is found strangled to death in his laboratory, and the prime suspect is his sinister-looking son. When Manfred and Gonzalez realize that the police have not only the wrong man, but the wrong murder method, they set a trap for the real killer. A chance encounter on a golf course reveals a plot to eradicate one of the earth's most innocent and necessary creatures, and Gonzalez vows to stop the mad scientist in charge, whatever it takes. With the assassination of Sir Philip Ramon and the war against the Red Hundred years behind them, Manfred, Gonzalez, and Poiccart have settled into lives of scholarship and leisure. That does not mean, however, that they can let injustice stand. Wherever these three principled men go, they carry with them the memory of the original fourth member of their group, who was gunned down in a Bordeaux cafe decades ago. In his honor, and in defense of innocence and integrity, they will act swiftly and without remorse. In these unforgettable stories, Edgar Wallace demonstrates the enduring appeal of a clever mystery solved and vengeance obtained. This ebook features a new introduction by Otto Penzler and has been professionally proofread to ensure accuracy and readability on all devices.
