

Insulted and Humiliated

In an age before psychology was a modern scientific field, Fyodor Dostoyevsky (November 11, 1821 - February 9, 1881) was a Russian writer of realist fiction and essays that explored the depths of the human psyche. Known for acclaimed novels Crime and Punishment, The Idiot and The Brothers Karamazov, Dostoyevsky's work discusses the human mind in a world full of political and social upheaval in 19th century Russia, becoming the forerunner of existentialism.
