

The Devils Dictionary

The Devils Dictionary by Ambrose Bierce
CLASSIC
The Devils Dictionary is a satirical dictionary written by American journalist and author Ambrose Bierce. Originally published in 1906 as *The Cynics Word Book*, it features Bierce's witty and often ironic spin on many common English words. Retitled in 1911, it has been followed by numerous unabridged versions compiled after Bierce's death, which include definitions absent from earlier editions. The Devils Dictionary began as a serialized column during Bierce's time as a columnist for the *San Francisco News Letter*, a small weekly financial magazine founded by Frederick Marriott in the late 1850s. Although a serious magazine aimed at businessmen, the *News Letter* contained a page of informal satirical content titled *The Town Crier*. Bierce, hired as the *Criers* editor in December 1868, wrote satire with such irreverence and lack of inhibition he was nicknamed the laughing devil of San Francisco. Bierce resigned from *The Town Crier* and spent three years in London. Returning to San Francisco in 1875, he made two submissions to the *News Letter* in hopes of regaining his old position. Both were written under aliases. One, entitled *The Demons Dictionary*, contained Bierce's definitions for 48 words. Later forgotten in his compiling of *The Devils Dictionary*, they were added almost a century later to an *Enlarged Devils Dictionary* published in 1967.
