

The Pickwick Papers: Unabridged edition (Immortal Classics)

The Pickwick Papers is Charles Dickens first novel, written as a serial and published in book form in 1837. The novels main character, Samuel Pickwick, Esquire, is a kind and wealthy old gentleman, and the founder and perpetual president of the Pickwick Club. To extend his researches into the quaint and curious phenomena of life, he suggests that he and three other Pickwickians (Mr Nathaniel Winkle, Mr Augustus Snodgrass, and Mr Tracy Tupman) should make journeys to places remote from London and report on their findings to the other members of the club. Their travels throughout the English countryside by coach provide the chief theme of the novel. A distinctive and valuable feature of the work is the generally accurate description of the old coaching inns of England. Its main literary value and appeal is formed by its numerous memorable and often comical characters. Each character in The Pickwick Papers, as in many other Dickens novels, is drawn comically, often with exaggerated personality traits. Alfred Jingle, who joins the cast in chapter two, provides an aura of comic villainy. His devious tricks repeatedly land the Pickwickians in trouble. These include Jingles nearly-successful attempted elopement with the spinster Rachael Wardle of Dingley Dell manor, misadventures with Dr Slammer, and others. Further humour is provided when the comic cockney Sam Weller makes his advent. The relationship between the idealistic and unworldly Pickwick and the astute cockney Weller has been likened to that between Don Quixote and Sancho Panza
