

Wired Kingdom (A Tara Shores Thriller) (Tara Shores Thrillers Book 1)

When a blue whale tagged with a web-cam broadcasts a brutal murder at sea, FBI Special Agent Tara Shores finds herself navigating an ocean of manipulation and deceit in a deadly race to reach the 100-ton creature before an unknown killer can destroy the digital evidence it carries. PRAISE FOR WIRED KINGDOM A whale of a tale by first-time author Rick Chesler involving modern-day pirates, media moguls, and a sexy federal agent -- all chasing a cetacean-mounted camcorder and the crucial piece of evidence needed to resolve a murder. -- Steve Alten, NY Times bestselling author of GRIM REAPER and MEG WIRED KINGDOM is a fast-paced thriller that is one third deep-sea adventure, one third FBI sleuthing and one third awesome. A superb debut novel and killer concept. -- Jeremy Robinson, author of PULSE and INSTINCT.
