

Waverley Or: Tis Sixty Years Since (in Slipcase)

Hardback with slipcase. By Sir Walter Scott with an introductory Essay by Andrew Lang and illustrations by Robert Ball, The Heritage Press, New York, The special contents of this edition are copyright 1961 by the George Macy Companies, Inc. Additional included is the Heritage Club Number XIII: 26 Sandglass monthly letter issued to members. The book is in very good condition with no marks, no highlights, no tears. The spine is clean and tight. There is a very small and slight rub spot on the spine near the gold lettering over the burgundy name, barely noticeable. The front and back boards show crowns as decoration as does the slipcover to match the book boards. The slipcover has a small almost unnoticeable knick on the spine area. This is a really beautiful book to add to your collection. Pages may be aged, but could have been created that shade. Total 446 pages. Some neat pictures with some color splashes along with some black and white colors mixed together in a single picture. A really great book and buy!!
